

Dr. S. Vijayulu Reddy, M.Com., M.Phil., Ph.D.,
Principal

Date: 09-03-2023

1.3.2 Percentage of students undertaking project work/field work/ internships (Data for the latest completed academic year)

1.3.2.1. Number of students undertaking project work/field work / internships

HEI Input : 142

CLARIFICATION:

As per DVV suggested:

- ❖ Provided the list of students names undertaking internship in the data template instead of number of students.
- ❖ Provided that the student involved in multiple field work are revised and submitted.
- ❖ Provided the list of students names undertaking internship program wise completed along with details of titles and place of work.
- ❖ Provided the internship completion certificate along with the duration issued by the organization.
- ❖ Provided the data of the field work report/ sample photographs/ permission letters from the concerned organizations.
- ❖ Provided the field work objectives and outcomes with brief report .

SUCCESS PRODUCTS

Brief Report:

Incense sticks also called agarbattis are fragranced sticks used from ancient period by people all over the world. The evolution of incense stick could be from the burning of aromatic woods in the primitive period. As mankind gained civilization and became more religious, these fragranced agarbattis played important role in daily rituals.

Agarbatti is an Indian Hindi terminology which is otherwise popularly known worldwide as 'Incense Sticks' and as the name itself suggests, they are thin bamboo sticks of about 8" to 12" length coated with paste of fragrance of natural ingredients extracts of scented flowers or majorly forest yield. Agarbattis have huge potential as a manufacturing business because its demand is at all-time high and go even higher during festivals. More than 90 countries use Agarbattis and India is the sole producer of these Incense Sticks that caters to the demands of all countries worldwide.

K.R. INDUSTRIES

Brief Report:

K.R. is one of the leading brand in Chittoor Dist. when it comes to packaged mineral water.

K. R. packaged drinking water is an amalgamation of minerals, hygiene, purity and goodness. They keep a constant check on the colour, taste, pH levels of the water with added minerals like Potassium and Magnesium. 10-step purification process makes K R water an excellent and safe option for children and adults alike. K.R. Water is not just a regular packaged drinking water brand – it is so much more. Each drop in the bottle is clinically tested by professionals – that makes it 100% safe for consumption! The brand ensures hygiene and purity and does not compromise with the quality of the water.

Our relentless commitment to quality stands true to our promise of providing safe, pure & healthy mineral water to consumers and also providing jobs for peoples.

K.R. POLYMERS

Brief Report:

K.R. is one of the leading brand in Chittoor Dist. when it comes to packaged mineral water. K.R. has come up with the “Bottles for Change” initiative and to make a conscious effort towards correct disposal and recycling of plastic bottles. This initiative focuses on creating awareness about waste segregation, recycling of plastic bottles and best practices towards maintaining a cleaner environment. The plastic collected is crushed, sold to recyclers, and converted into flakes which are then used to create non-edible products such as cloth fabric, handbags, window blinds, etc. As a part of the program, K.R. conducts plastic recycling awareness and collection drives in schools, colleges, corporate offices, malls, festive & social gatherings, events, etc.

Our relentless commitment to quality stands true to our promise of providing safe, pure & healthy mineral water to consumers and also providing jobs for peoples.
